And some members have chosen to take a break and move on to other activities.

The South Jersey Camaro Club was founded on September 11, 2011 by a local group of Camaro enthusiasts to create friendships, fellowships, and to foster relationships with local businesses and communities, create awareness for and give back as a non-profit organization. Those core values have not changed and while people come and go in every car club, the friendships that are formed will last a lifetime.

(If I missed anyone, please let me know and you will be included in the next newsletter.)
