This Thanksgiving we've got a lot of new blessings to count:

all you happy new Camaro owners.

**Camaro**

**Improve your pick-ups.**

As it name is Thrush Muffin. Because Thrush offers performance from its rich, deep-ribbed walls to a unique flow flowing outer and inner baffles that lowers back pressure and increases acceleration.

It's the finest high performance muffler made. And it's made to last since there's no fiberglass to burn out or deteriorate.

Thrush. Pick one up. Then, watch your pick-up pick-up.

**The Performing Parts.**

**Camaro's new Super Scoop. Step on the gas and it steps up performance.**

It's the only Scoop with 100% aluminum construction. No plastic. No fiberglass. All steel. Great looking. And it's made with the finest 100% aluminum. You get all this. And you get it. Pick up the Scoop. And you get it.

Tilted Kilt Car Show – open to all makes & models. 130+ cars showed up, we turned away more than 40 due to lack of space. A tremendous success for the club and for the Tilted Kilt who have welcomed us back for next year!

Tony Luke's – The "ONLY" Camaro in a sea of Mustangs! But oh those Cheesesteaks!

And we thought John only targeted Subarus!

"How to park in the lines" class by Instructor Anthony Marone!

Voorhees  
Animal  
Orphanage

**DONATION!**

With the proceeds from the Tilted Kilt show, the club donated needed supplies to the Voorhees Animal Orphanage. Rather than giving cash, the group went shopping and purchased a “truck load” of supplies including, food, bedding, cat litter, paper towels, cleaning supplies, laundry detergent and toys. Members brought items from home as well including blankets and towels. Just another example of the membership at large giving back to our communities.

The Voorhees Animal Orphanage is a no-kill facility that provides compassionate shelter and adoption services for the animals entrusted to their care. There wasn't one dog or cat that wasn't excited for our visit. In fact, who knows, one of our members may have a new fur baby in due time! ☺
