CAMILY

The question of the month is: What is a Camily? If you attempt to look this up in Dictionary.com, Oxford or Merriam-Webster, it's just not there. So I went to the Urban dictionary (www.urbandictionary.com) and low and behold found this:

Camily

She is one of the most ratchet people you will ever meet. She is a bitch sometimes and starts fights. She likes to slap her name on things. she thinks she can get everything she want. She also yells at her mom. She'll git someone a gift and ask for the money back. *That girl is such a Camily! I would stay away from her.*

This wasn't what I was quite expecting. No my friends, a Camily is WHO we are. We are a CAMARO FAMILY. We are brothers and sisters who share the common passion of the Camaro. We are there for each other through thick and thin. We argue, we fight, we pick on each other, we care about each other and we defend each other. We are...in every sense of the word...a family.

So, I decided to submit this to the Urban Dictionary for consideration and low and behold it's OFFICIAL!!!!!!!1Camily now has a second definition and WE are the example:

2

Camily

A basic social unit consisting of two or more adults who share a common passion for the Chevrolet Camaro; A group of people, closely related as parents, children, uncles, aunts and cousins all owning or sharing the ownership of a Chevrolet Camaro; A group of people bonding as a family, typically members of the same club or organization dedicated to the preservation and promotion of the Chevrolet Camaro.

The people of the South Jersey Camaro Club are a camily.

Around the Club – December

With NOT much going on and no real car activity, we kinda miss Tony's pictures during the Winter!
I thought a few of our Facebook pics might be a good filler!

CamaroNews – Phastek is the first to lower a 6th Gen and now they are back at it again lowering a ZL1!! Have a look at the results!!

They measured and triple checked everything before the instal was complete. Camaronews has the pictures that will show how much of a drop they got. A little background on the car. The car has 920 miles on it, owner wanted to close the gap a bit on the front wheels but did not want to slam the car to the ground. Still wanted to be able to get in and out of the driveway with out any issues.

STOCK measurements (From ground to Top of fender):

Front Driver – 28 7/8"

Rear Driver – 28 3/4"

Front Passenger – 28 15/16"

Rear Passenger – 28 3/4"

After measurements (From ground to Top of fender):

Front Driver – 27 1/2"

Rear Driver – 28 3/8"

Front Passenger – 27 9/16"

Rear Passenger – 28 1/4"
